# Where Vibes Create Magic

## Why the Name ADDA?

As we all need in life, a little or sometimes a lot of ADDA!

Across many Indian languages, *ADDA* symbolizes a special place—a hub where laughter echoes, ideas flow like poetry, and camaraderie shines.

Here, tea isn't just a drink; it's an experience. Arguments about the bill become bonding moments, and stories of teamwork turn into memories. ADDA isn't just a name—it's an emotion. It's cherishing and creating—one unforgettable moment at a time.

# CEO's Take

**Experience & Rejuvenate at your own home in a magical way !  
That's our ADDA!**

**A note from our CEO, Abhijit Roy**

ADDA is a representation of what AAPNA Infotech represents in many ways. To start, it is an amazing replacement for the office we don't have (we have a HOUSE). The location represents the nature of a true AAPNA commando – like the sea, we are calm, stable, and always there, BUT can get aggressive when needed. The ADDA provides an environment to our team, as well as teams of close associate companies to come and work in a relaxed informal environment, and yet have all the amenities to work professionally.

While it is nothing more than a house, in making of the ADDA, we have thoughtfully curated an experience, based on our two years of conducting retreats for our teams. It is our endeavour to make this a TRULY unique property, catering to a very specific type of guest, and I personally hope that you will enjoy your stay, and go back with fond memories, and a wish to come back soon.

WOW—just WOW! Our experience at AAPNA ADDA in Goa was nothing short of extraordinary. From the moment we caught our first glimpse of the house, we were captivated. And as we explored its beauty, it felt more and more like home. Every inch of the house reflects immense thought, patience, and an eye for perfection. AAPNA ADDA isn't just a house — it's an experience, a feeling, a place that keeps calling you back. And we can't wait to return!

**Bhavesh Lodaya,**  
Head of Operations – Middle East

The leadership retreat at ADDA wasn't just an event—it was an experience! From the moment we arrived, there was an electrifying energy in the air. Every detail, from the multi-country adaptor for charging multiple devices to the strategically placed water bottles, showed an unmatched level of thoughtfulness. The swimming pool became the heart of the retreat, and the sunrise and sunset walks on the beach felt like moments straight out of a dream. The rooms? Absolute comfort! The mattresses? Like sleeping on a cloud! ADDA is THE place for leadership retreats, offsites, and maybe even key client engagements. Can't wait for the next one!
